30 September 2019

Mr G Manzonzo
 Divine Favour Progressive College FET
 6th Floor Navy House
 293 Madiba Street
PRETORIA CENTRAL
 0002

Dear Mr Manzonzo

APPLICATION FOR ACCREDITATION: DIVINE FAVOUR PROGRESSIVE COLLEGE FET
QUALIFICATION: NATED Report 190/191 Engineering Studies N1 – N3

With the promulgation of the reviewed policy for the accreditation of private colleges (Government Gazette 41887 of September 2018), registration of a private college is now a pre-requisite for accreditation. **A private college must therefore meet the requirements for registration (or provisional registration) prior to the accreditation process being completed.**

Divine Favour Progressive College FET, 6th Floor Navy House, 293 Madiba Street, Pretoria Central, 0002, has met the minimum requirements at the **desktop evaluation** stage of the Umalusi accreditation process. Umalusi has advised the Department of Higher Education and Training (DHET) thereof. Your college is therefore required to submit an application for registration to the DHET. The DHET will then conduct their processes and advise Umalusi accordingly of the outcome thereof. Please note that this letter replaces previous letters indicating the address of Divine Favour Progressive College FET, and that the physical addresses indicated on previous communication are no longer recognized.

Once Divine Favour Progressive College FET is provisionally registered by the DHET as a private college and examination center, the private college may enrol learners and conduct examinations. Umalusi will conduct the site visit to verify provision of the qualification (including implementation of teaching, learning and the conduct of assessment and examinations) at the required standard once the college has conducted examinations and analysed the results, and the private college has paid

the required fee. A report will then be submitted to the Accreditation Committee of Council and the private college will thereafter be advised of the outcome of their application for accreditation.

The DHET will then confirm registration or withdraw provisional registration of the private college based on the outcome of the accreditation application.

However, please note that if the college is not registered by the DHET, the accreditation process may not continue, since registration is a pre-requisite for accreditation. The desktop evaluation will remain valid for a period of 12 months while the institution seeks registration with the DHET as a private college. **Should the institution not secure provisional registration with the DHET during the 12 month period, the accreditation application will be terminated.** The private college will then be required to start the accreditation application from the beginning at full cost to the college, should a new application for accreditation be lodged.

ACTION REQUIRED BY THE PRIVATE COLLEGE:

The college is therefore required to contact the DHET in connection with its application for registration. The accreditation process (site visit) can only take place once the private college is provisionally registered by the DHET and has conducted a national external examination.

All communication with regard to provisional registration must be with the DHET.

Contact details:

DHET Registration:

- Ms Monica Motloi (Motloi.M@dhet.gov.za)

DHET Examinations:

- Ms Mary Smith (Smith.M@dbe.gov.za) or
- Mr Logan Naidoo (Naidoo.V@dbe.gov.za)

Please direct **accreditation** queries to one of the following people at Umalusi:

- Ms Vani Chatty (Vani.Chatty@umalusi.org.za) or
- Dr Lawrence Ndou (Lawrence.Ndou@umalusi.org.za) or
- Ms Scholastic Mazibuko (Scholastic.Mazibuko@umalusi.org.za).

Yours sincerely

Ms Cindy Thomas

SENIOR MANAGER: EVALUATION AND ACCREDITATION
